

2220.02 Investigation of Employee Complaints

Issued January 1, 1994

SUBJECT: Investigation of Employee Complaints.

APPLICATION: Executive Branch Departments and Sub-units.

PURPOSE: To assure that MIOSHA Health Compliance Officers investigate worksites to evaluate potential health hazards.

CONTACT AGENCY: Department of Public Health (DPH) - Division of Occupational Health.

TELEPHONE: 517/335-8250

FAX: 517/335-8010

SUMMARY: The Michigan Occupational Health Field Compliance Program is organized to prevent occupational illness and disease, through identification and control of potential hazards in places of employment which may, or are likely to, cause adverse systemic injury or illness to employees. Major activities include inspections and investigations in places of employment, to assure compliance with State occupational health standards and to provide warnings to employers and employees of potential health risks in the work environment. An employee may request a work-site investigation to determine potential health hazards.

APPLICABLE FORMS: MI DOH-7.

PROCEDURES: Contact agency.
